

We are a private equity investment firm that provides equity capital and expertise to support management teams in acquisitions and recapitalizations of lower middle market companies typically valued between \$25 and \$150 million. Based in Atlanta, we invest primarily in the South with a consistent focus on management buyouts of companies in sectors where we have significant investment, management and transactional experience. We invest with the objective of increasing operating cash flow through growth initiatives and active ownership. A key element of our investment strategy is partnering with proven management teams to create value. Founded in 2007, MSouth manages \$1.3 billion with three active funds. MSouth is the successor to Cravey, Green & Wahlen, which was founded in 1984.

Each of our partners has extensive experience in acquiring and successfully growing businesses. This experience, coupled with our commitment to having our partners actively support each company, contributes to the firm's long and successful investment record.
